COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE
UNDER 37 C.F.R. 1.104(e)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The following comments are submitted in response to the Notice of Allowance.

In the Reasons for Allowance accompanying the Notice of Allowance, the Examiner indicates that the prior art fails to disclose or suggest the combination of features set forth in the allowed claims, and recites a number of elements in support of this conclusion. Applicant respectfully submits that the Reasons for Allowance set forth only some of the features and elements of the claims, and that the reasons presented represent only some of the reasons why some of the claims are allowable. Also, the dependent claims include additional allowable subject matter.

In addition, the Examiner erroneously states that “**neither** McCarty **nor** IBM Technical Disclosure Bulletin and Yamada **fails** to anticipate or render obvious the recited feature.” It is assumed that claimed subject matter is not anticipated or obvious in view of the cited art.

Respectfully submitted,

Derek C. Stettner
